About Me

I have been serving the Department of Botany, University of Peradeniya as an ecologist for the past 14 years.

Vision Statement

To inspire positive change in the world *via* education, research, and outreach to benefit environmental conservation and sustainable utilization of natural resources

Higher Education Qualifications

🎓 **PhD**

University of Aberdeen
United Kingdom
(2007)

🎓 **BSc**

University of Peradeniya
Sri Lanka
(2002)

Awards, Scholarships, Memberships & Fellowships

President's Award for Scientific Publications, National Research Council, Sri Lanka - 2011 and 2014

Merit Award for Scientific Publications, National Research Council, Sri Lanka - 2010

PhD studentship, EU-Asia Link Program – 2003 to 2006

University Scholarship for Academic Excellence, University of Peradeniya, Sri Lanka – 2002

Mahapola Higher Education (Merit) Scholarship, Govt. of Sri Lanka – 1998 to 2002

Research Excellence Award 2020 awarded by the Faculty of Science, UoP

Excellence in Teaching Award 2018/2019 awarded by the Faculty of Science, UoP

Positions Held

-  Faculty Representative, Center for Environmental Studies, University of Peradeniya- (2012 to 2021)
-  Chairperson, Faculty Environmental Management Committee- (2016 to 2021)
-  Senior Student Counselor, Faculty of Science, University of Peradeniya- (2011 - 2013)
-  Secretary, Board of Study in Environmental Science, Postgraduate Institute of Science- (2012 - 2013)
-  Member, Board of Study in Plant Sciences, Postgraduate Institute of Science, UoP- (2017 to 2023)
-  Departmental Coordinator for the Environmental Science (Special) Degree Programme- (January 2016 to 2021)
-  Departmental Coordinator, Science Education- (October 2015 to September 2019)
-  Senior Treasurer, Peradeniya University Botanical Society- (March 2019 to July 2022)
-  Coordinator, Save the Next Generation: Restoration of Degraded Lands in Knuckles Conservation Forest (A collaborative project with the Forest Department, Noritake Lanka Porcelain Pvt. Ltd and Local Community)- (2017 to date)
-  Team Leader, Regreen Hantana: Restoration of Degraded Lands (Collaborative Project with the Forest Department and Local Community)- (2022 to date)
-  Departmental Coordinator, Centre for Distance and Continuing Education, UoP- (2018 to 2023)
-  Department Representative, Faculty Web Committee- (2022 to date)
-  Converner Cluster 3 (Botany, Molecular Biology and Bioechnology and Zoology), Self Evaluation Report, Faculty of Science, UoP- (2022 2023)

My Teachings

-  BL1002: Basic Biology (Undergraduate course)
-  BL117: Biotic Interactions (Undergraduate Course)
-  BL1192: Tropical Ecosystems (Undergraduate course)
-  BT310: Ecosystems of Sri Lanka: Their Conservation and Management (Undergraduate Course)
-  BT409: Dynamic Plant Ecology (Undergraduate Course)
-  ENM516: Promotion of Ecotourism (M.Sc. in Biodiversity, Ecotourism and Environmental Management)
-  SC0001: Tropical Biodiversity and Conservation
-  SE518: Plant and Animal Evolution and Interaction (M.Sc. in Science Education)
-  SE519: Environmental Science (M.Sc. in Science Education)

Research Interests (Research Fields/ Projects)

Tropical Ecology: Role of disturbances (invasive species, anthropogenic disturbances) and biotic interactions in maintaining tropical biodiversity

Restoration Ecology: Factors limiting natural regeneration in former forested sites, assisting forest recovery on degraded lands with community involvement, monitoring and evaluation of restoration

Biodiversity Conservation and Management: Conservation of biodiversity of forest fragments, promotion of ecotourism as a tool to conserve biodiversity and sustainable development in Sri Lanka

Science Education: Role of field-based teaching/ activity-based teaching in environment-related subjects in Sri Lankan education system

Ongoing Research and Projects

Population structure and diversity of *Osbeckia lanata* Alston. (Endemic, Endangered) wild populations in Sri Lanka

2019 to date: A collaborative project with H.A.C. K. Ariyaratne (Department of Botany, UoP), A. Attanayake (Royal Botanical Gardens, Peradeniya) M.Phil Research student: Ms. E.H. Chinthani M. Eeriyawala

Diversity and Distribution of Mangroves in Rekawa Lagoon, Sri Lanka using GIS and Remote Sensing Approach

2020 to date: A collaborative project with Dr. J. Gunatillake M.Sc. research project of Ms. Jayani Gunawardhane (M.Sc. degree program in GIS and Remote Sensing)

Comparison of dragonfly diversity in two fragmented lowland evergreen forest patches in Sri Lanka

2020 to date M.Sc. research project of Ms. Udari Peiris (MSc. degree program in Biodiversity, Ecotourism and Environment Management)

Promotion of ecotourism in Mannar, Sri Lanka

2020 to date M.Sc. research project of Ms. Anushka Senevirathne (M.Sc. in Biodiversity, Ecotourism and Environment Management)

Urban bird diversity in selected areas in Colombo District

2020 to date M.Sc. research project of Ms. Kasuni Perera (M.Sc. in Biodiversity, Ecotourism and Environment Management)

Key Publications

Forest Ecology and Management - (2014)

Overcoming ecological barriers to tropical lower montane forest succession on anthropogenic grasslands: Synthesis and future prospects

Journal of Applied Ecology - (2010)

Barriers to tree seedling emergence on human-induced grasslands in Sri Lanka.

Conferences

ATBC Asia Pacific Conference 2019: Bridging the Elements of Biodiversity Conservation

HELD AT : MAS Athena, Thulhiriya, Sri Lanka - (10th to 13th September 2019)

TOPIC : *Seed availability for tree regeneration on degraded grasslands adjacent to lower montane forest fragments*

IUFRO-ICFRE International Symposium on Intersectoral Cooperation for Resilient Landscapes 2023

HELD AT : Dehradun, India - (29th to 30th March 2023)

TOPIC : *Restoration success: Natural regeneration, C stock and bird diversity in a restored pine stand in Hantana, Sri Lanka*
