

ICMME 2023 Pre- Conference Talk Series

This pre-conference talk series by distinguished researchers and university lecturers is a valuable addition to ICMME 2023. By bringing together experts in the field, these talks provide attendees with unique insights into cutting-edge research and innovative teaching methods. This can inspire teachers to explore new approaches and ideas in their teaching practice, ultimately leading to improved outcomes of their students.

The main purpose of the talk series is to attract a wider audience and generate greater impact and influence within the Mathematics Education community of Sri Lanka. Furthermore, the pre-talk series helps to foster a sense of community and collaboration among conference attendees. By facilitating conversations and networking opportunities, the talks will lead to future collaborations or partnerships between educators and researchers from diverse backgrounds.

Date : Thursday, 11th of May 2023

Time : 7.00 p.m. - 8.00 p.m.
